No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures as too Lydia E. Pinkham's Vegetable Compound. For more than 30 years it has been

mring woman's tits such as inflammation, alceration, abyont tomors, freeg-Glarities, periodic pains and nervous prostration, and it is unequalled for carrying women safely through the period of change of life.

Mrs. Pinkham, at Lynn. Mass., invites all sick women to write herforadvice. Her advice is free, and always helpful.

blood which weakens and acidifies this vital fluid, and prevents the proper amount of nourishment being afforded the muscles, nerves and tendons. The pains and aches of Rheumatism may be temporarily relieved by the use of liniments, hot applications, and other external treatments, but the disease cannot be permanently benefited by such measures, and is bound to become chronic and dangerous if such things are depended upon alone. S.S.S. cures Rheumatism in the only way it is possible to cure the disease. It goes down into the blood, and removes the uric acid from the circulation so that the nerves, bones, muscles and joints are all lubricated and fed with nourishing matter instead of being constantly irritated and inflamed with the sharp, acrid impurity. When S.S.S. has cleansed and purified the blood the pains and aches cease, all inflammation disappears, stiffened muscles are made supple, and every symptom of Rheumatism
